About me

Hey there! I'm Patrick, a fullstack software developer based in Germany.

I found my passion for software development and made my hobby my profession.
Currently, I'm working as a software developer at a company in Germany.
When I'm not working, I'm probably working on some side projects, doing photography or learning new things.

Skills

Programming Languages

JavaScript/TypeScript • Go • Kotlin • Python • Java

Frontend

React • Svelte/SvelteKit • HTML/CSS • Tailwind CSS • Shadcn/UI

Backend

Node.js • Go Gin • Express.js • FastAPI • PostgreSQL • Fastify

Tools

Linux • Docker • PostgreSQL • Git • Jira • Confluence • CI/CD • Agile/Scrum • Agentic Coding Tools

Others

Basic AI/ML • Deep Learning • PyTorch • REST APIs • VIM • Self-Hosted Services

Experience

Software Engineer
GEMÜ Gebr. Müller Apparatebau GmbH & Co. KG

2024 - Present

Web Development with Svelte, Node.js, and cloud technologies. AI and Machine Learning with Python and PyTorch.

Svelte • Node.js • Python • PyTorch • Cloud

inevvo solutions GmbH & Co. KG

2023 - 2024

Worked on various web projects using React, Svelte, Node.js, and cloud technologies. Developed scalable and maintainable web applications.

React • Svelte • Node.js • Cloud

Bachelor Student
inevvo solutions GmbH & Co. KG

2020 - 2023

Studied applied computer science and worked on various projects in the field of web, mobile, and cloud development. Also gained experience in software architecture and design aswell as project management. Furthermore I got experience in Servers and Networks.

Web Development • Mobile Development • Cloud • Software Architecture • Project Management • Kotlin • Jetpack Compose • AI/ML

Software Engineer
inevvo solutions GmbH & Co. KG

2020 - 2020

Worked on various projects in the field of web and mobile development with Android Kotlin and Jetpack Compose.

Web Development • Mobile Development

Bachelor Student electrical engineering
groninger & co. gmbh

2018 - 2019

Gained basic knowledge in electronics and PLC programming.

Projects

- **Dorcs** (Demo) (GitHub) - Generate your documentation from markdown files
  Technologies: Go
- **Digital CV** (Demo) - You are looking at it right now. My digital CV built with SvelteKit
  Technologies: SvelteKit, Tailwind CSS
- **Compose-Check-Updates** (GitHub) - A tool to check and update new versions of images in Compose files
  Technologies: Go

Education

Bachelor of Science in Applied Computer Science
Duale Hochschule Baden-Württemberg

2020 - 2023

Electrical Engineering
Duale Hochschule Baden-Württemberg

2018 - 2019

Not completed - 1 year of study - found out that programming is my passion

Abitur
Gymnasium Gerabronn

2018
